As a home owner in the Plantations I am objecting to the plans for Dave Marshall to make changes. The line of traffic on Plantations Rd will most definitely get worse as the cars line up to turn into our community. Has a road study been done for this for proposal? I know some home owners in Wellsly and Arbor who object to the new car wash for this same reason.

Will there be a traffic light put up to help with the congestion to get in and out with all the extra vehicles? Are you going to monitor speed throughout the community for those not concerned about the residents and only about getting to their game on time?

Again the question of what happens if a resident has an emergency and the traffic is backed up and they cant get to them ?

The list goes on.

Please for the sake of a majority of home owners do not allow this in our peaceful community.

Stacia Wentz

Hope Rd
