Sussex County Planning & Zoning Commission
2 The Circle
PO Box 417
Georgetown DE 19947

Dear Planning Commission Members:

The Georgetown Chamber of Commerce is writing to offer its full support for the re-zoning request of Mountaire Farms of Delaware Inc/Z 2003 KAR Farming Company LLC.

The proposal from Mountaire will provide a significant investment in the future of poultry production in Sussex County. Said investment will provide a necessary economic impact from the poultry industry in our region.

Over the last 100 years the Poultry industry has continued to prosper as companies like Mountaire continue to invest in the County.

Not just a company that provides local jobs and contributions to the local economy, Mountaire Cares has also been a huge charitable partner with the many businesses, projects and more that are the beneficiaries of their local giving.

The request for the zoning change makes sense as it follow's the County's own long-term comprehensive plan for agricultural growth.

We are asking Sussex County to approve this project and pave the way for a continued prosperous poultry industry, now and in the future.

Very truly yours
