Dear Hurdle Ditch Road Neighbors and Adjacent Residents:

It has brought to our attention that atTack Addiction Harbeson Project will be located at 22703 Hurdle Ditch Road in the near future.

The original occupancy of the project was set to be 10 residents in this six bedroom house, however it was brought to our attention that the total occupancy has been increased to 18 recovery beds for men, re-entry individuals and others in recovery.

Impact Life has been selected as the service provider and in addition will service and manage the property.

We do not believe this is the area for such a facility as there are no local activities for these individuals and no local government jurisdiction to intervene should issues arise in the future.

The implementation of this project will adversely impact all of our property values and create a sense of insecurity for all of us.

We are collecting signatures to petition the implementation of this project and hope that you will join in our effort to maintain the integrity of our neighborhood.

Thank you for your consideration.
